

# Section I

## INTRODUCTION

This Spare Parts List is aimed mainly at Terex® dealers and authorised technical support centres, as well as all crane maintenance workers in general.

Single or multiple crane parts must be installed/replaced only by professionally qualified and trained technicians.

Terex® declines all responsibility for any type of damage caused by incorrect installation or part replacement, non-compliant electrical connections or tampering.

Terex® declines all responsibility for any errors or omissions in relation to the diagrams, drawings and figures, as well as code correspondence, etc. and reserves the right to make changes to this content as well as to the **SALES CENTRAL** website, where spare parts can be viewed online, without any obligation to communicate these changes in advance.

The content of this catalogue must not be reproduced, including partially, without the prior, written authorisation from Terex®, which will safeguard its rights according to the law.

Spare parts can be requested by contacting [fon.spareparts@terex.com](mailto:fon.spareparts@terex.com) or Tel. (+39) 0434 989111 Fax (+39) 0434 998631 indicating:

- Crane model
- Serial no.
- Component code and description
- Quantity

For more specific information regarding spare parts (component images and assembly exploded diagrams) and orders, please visit the website <http://sc.comedil.com/scj/logon.do> If you cannot access this page, please request credentials by emailing: [fon.spareparts@terex.com](mailto:fon.spareparts@terex.com).

## KEY FOR READING THE SPARE PARTS LIST BY SERIAL NO.

**SERIAL NO.:** crane serial number

**MODEL:** type of crane

**VALIDITY:** date list of spare parts entered

**GR-.....:** crane assemblies (e.g. slewing, trolley)

**LEV:** explosion level of part in spare parts list

**POS:** progressive position in spare parts list

**CODE:** part code

**POS.DES:** reference position in exploded diagram (the exploded assembly can be viewed online at the Sales Central website)

**DESCRIPTION:** business and technical translation of the code and assembly.

**QTY:** number of parts
