andrew.fawcitt@cropac.com

1-800-4-CROPAC

JOB DESCRIPTION

The candidate is not going to simply work in our shop doing truck safeties. That is one minor component. The truck safeties we do are strictly on new and used Boom trucks that we sell. A boom truck is a commercial chassis with a stiff crane mounted on it. The main brand we represent is Manitex mounted on a Kenworth T800 chassis.

The individual we are looking for is going to be the primary service support technician for the Terberg truck line we sell out of our Ontario Branch. A Terberg is a shunt truck used at logistics sites like car plants (Ford Plant Oakville), Distribution warehouses like Amazon, Canadian Tire, Transportation companies and many Ports across Canada. This shunt truck is just that a truck generally with a Cummins engine, an Allison transmission and a fifth wheel.

We are seeking an individual that will have the opportunity to go out to client sites to perform repairs, diagnostics, and preventative maintenance. The candidate must be willing to do field service and occasionally travel to the Maritime Provinces.

SKILL REQUIREMENTS:

- Strong analytical & diagnostic skills.
- Effective problem solver.
- Prior fleet maintenance experience on heavy vehicles is an asset.
- Possess a strong work ethic, a high degree of responsibility and accountability.
- Must be punctual & able to work independently.
- Must have own tools.
- Able to communicate effectively, both verbally and in writing.

EXPERIENCE:

- Truck Technician (Minimum 3-5 yrs. experience required).

ESSENTIAL SKILLS:

- Oral communication, friendly outgoing personality, able to work with others, good time management skills.

RESPONSIBILITIES TO INCLUDE:

- Perform Truck safeties
- Repairs, diagnostics, and preventative maintenance for Terberg Shunt Trucks (explained below) and Boom Trucks.
- The candidate should be seeking a career with an opportunity that will put them above the general ceiling of a normal 310T shop tech.
- He/she will be in a position to field calls directly from these clients and work with support from Service Management as well as sales.
- This is an excellent opportunity for taking ownership of this product for service.

Please forward a copy of your resume to HR@cropac.com.

We thank all applicants for their interest but wish to advise that only those selected for an interview will be contacted.
